

## 2023 Voter Comments - Inspired Party

Matt & Lianne were incredibly responsive during the planning of our wedding. They were thorough in answering our questions and very adaptable to our changing minds regarding songs and such. They really helped make our big day even more special. Highly recommend!

We booked Inspired Party to provide the music for our wedding reception and Matt did such an incredible job on the night. All of our favourite songs and guest requests were included so it felt really personal to us and our guests had so much fun! It was non stop dancing all night. Also, the backdrop and set up provided made it even more magical. From start to finish, Matt and Lianne were so helpful and a joy to work with. I will definitely recommend them to anyone looking for a DJ.

We absolutely loved having Matt as DJ for our wedding at the Old Barn in Bideford! Matt was very easy to talk to, approachable and he listened to all our requests and made them happen! The music he used is diverse and he also accepted requests so I could add some Romanian hits in the playlist as well! All in all it has been the perfect day and having such a good DJ it was entertaining and added the finishing touch. We definitely recommend him! Thank you Matt and Lianne :)

Fantastic DJ and really nice people. We had a great chat before the wedding to talk about things we like and dislike. Couldn't have asked for a better DJ!  
Lianne and Matt's customer service was great and they helped us to create a personal service for us and our special day

We couldn't have asked more from Matt and Lianne. From the planning before the wedding to the day itself, they were really great. Would very highly recommend them to anyone that needs a wedding DJ!

Matt & Lianne are a great team and were a joy to work with. On the day of our wedding Matt was so helpful without anyone even asking him, doing extras without any hesitation so the day just flowed which we really appreciated. Genuinely nice people who enjoy and are great at their job, we believe they deserve recognition on how hard working they are!

Matt and Lianne were absolutely amazing at our wedding. They were so helpful in the run up to the wedding and even created a specially mixed song for us to walk down the aisle too. The music all day was fantastic and the dance floor was heaving all night as the tunes were so good. Really can't recommend them enough.

We were recommended Inspired Party by our wedding venue Tawstock Court. Since we lived further away, all the arrangements were carried out via video calls and email however this did not affect the communication which was very clear. We opted for the whole day package which meant we didn't have to worry about anything, from the ceremony, to the wedding breakfast, through to the evening party. We wholeheartedly recommend Matt and Lianne for providing a flawless service.

Matt and Lianne were so helpful throughout the whole booking process, great communication. Matt was amazing on the day, chose the perfect songs to create an incredible atmosphere that lasted all night! The decor of the set and Love letters was also beautiful and complemented the venue perfectly. We also had the sweet cart which again was perfect and went down a treat! Highly recommend!

So helpful and accommodating. They are a great team who gave us a great evening that had everyone dancing all night

We were so happy with the service provided by inspired DJ. They were there nice and early and weren't meant to start until 7 but kindly started early to ensure we could get our first dance on video before our videographer left.

Took plenty of requests, was flexible and went whatever the crowd wanted. We didn't give a specific list of songs we wanted but Matt just seemed to play the perfect playlist for us and our small intimate wedding. Managed to get everyone up dancing! Perfect DJ and couldn't recommend more.

We had an amazing day at our wedding, helped hugely by Matt who provided our music from the ceremony right through to the last dance at midnight. He worked in our requests seamlessly and judged the room perfectly all night. We would highly recommend Lianne and Matt!

Matt and Lianne were brilliant. Working around our hectic life with two young children to make sure everything was planned in advance. Being able to speak to Matt one evening to give us an opportunity to share a really quick and vague idea of the type of music we liked was really easy - but what he then managed to turn that into in terms of a set list was amazing. It wasn't a massive wedding, but I don't think there was a single track played where there wasn't people on the dance floor - and when we got to the 90's dance and garage set, there was barely room to move! It was a great night, and most of our family and friends spoke to us afterwards to say how good the music was, in the sense that it wasn't the usual wedding tracks... It truly was an Inspired Party!

Thoroughly Recommend Matt & Lianne from Inspired Party who did our wedding recently. From our first contact with Lianne to having our phone call shortly before the wedding they were very easy going and helpful and created exactly what we wanted in a DJ set. On the wedding day Matt was very friendly and did an amazing job setting up and creating a brilliant DJ set which everyone loved! A big thank you for being part of our special day and providing us with exactly what we asked.

Inspired Party provided a professional service throughout our planning process and during our wedding at Sandy Cove. They took the time to get to know us before the wedding so they knew our preferences. We had the option of choosing the look of the DJ set which I was very impressed with so it blended with our theme. They also dealt with difficult circumstances throughout the day (caused by guests) and made our wedding day perfect throughout. I could not have asked for anything more. I even got some pictures and videos that were a lovely surprise and truly special to us as we tragically lost one of our guests two days after our wedding so these memories became even more treasured. I can't thank them enough. They went above and beyond to make our day special from the first point of contact.
